

Dualit®

New Generation

2 SLICE BREAD TOASTER

The NewGen toaster offers all the styling and functionality you would expect from a Dualit toaster, along with the additional features of a defrost setting for frozen bread and the option to toast buns and bagels. The selector control allows you to heat either one or both slots. Designed for commercial use, the toaster is hand assembled in England and built to last, with an insulated stainless-steel body, variable controls and automatic turnoff. With extra wide 28mm slots to accommodate a Sandwich Cage and the award winning ProHeat elements, a patented design which increases toasting efficiency & element longevity, every toaster has a removable crumb tray and an adjustable rear foot. The Sandwich Cage, which has a built in drip tray, can be purchased as an optional accessory.
