Our History

Three industry veterans that have a combined experience of over 60 years founded Espressione International, LTD (EIL) in November 2000. The mission statement of ESPRESSIONE is to create and market into all major world markets, a collection of the finest coffee and coffee brewing products, marketing these under our Espressione brand. The perfect cup of espresso begins with the most important ingredient... the coffee!

We have searched the globe for the finest quality espresso coffee and have accomplished this through an old world, Italian coffee roaster, headquartered near the Amalfi Coast in Italy. This coffee roaster has been in business for over 50 years, having mastered the technique of producing blends of coffee from the best varieties of Arabica and Robusta coffees. Our roaster produces and sells various blends of coffee for professional bars, domestic consumption and for the automatic vending areas of distribution. They enjoy an active presence in both the Italian domestic and international markets with its high quality products. Due to their size and flexibility, they are able to guarantee swift and efficient deliveries of our range of products. Using the E.S.E. pod system, the ESPRESSIONE pod range, ideal for both the Commercial Operator and Domestic Consumer, ensures consistency in the critical factors that determine the production of a real espresso that forms the basis for all Cappuccinos, Lattes and Mochas. A consistent coffee dose with a consistently correct grind and consistent packing of the ground espresso guarantee that a perfect espresso will be brewed cup after cup. Our classic espresso blend is now available in 500 gram (1.1 lbs) bag. Perfect for use with our new Supremma Super Automatic Coffee/Beverage Center.

At ESPRESSIONE we are passionate about Espresso and the wonderful range of coffee drinks that are derived from it. Our passion is simply based on Quality, Consistency and Understanding. Thank you and we look forward to welcoming you to the world of Espresso.....made simple.

Espressione Products

Espresso Made Simple
